

P5 PRO

EUROCOM®

INNOVATIVE FEATURES

Without compromise.

No matter how powerful a laptop gets, the proper desktop will still outpace the portable solution. The EUROCOM P5 Pro Extreme closes the gap by bringing home a full-fledged Core i7-4790K with overclocking and no compromises - This is a desktop gaming and workstation in disguise.

P5 PRO

SPEC HIGHLIGHTS

CHIPSET	High Performance Intel Z97 Express Chipset
PROCESSOR	Socket based; LGA1150; up to 90W TDP; choice of Core i7, i5, i3 and Xeon E3 series
MEMORY	Four 204-pin SODIMM sockets; DDR3L-1600, 1866 or 2133; 1.35V; up to 32GB
GRAPHICS	Upgradeable MXM 3.0b; NVIDIA GeForce: GTX 980M, 970M or 965M; Quadro: K5100M, K3100M or K1100M; AMD: R9 290X; discrete GPU only (no Optimus)
DISPLAY	15.6-inch 4K QFHD 3840-by-2160, 3K WQHD+ 2880-by-1620 or FHD IPS 1920-by-1080 pixels; 60Hz; eDP interface; LED Backlit
STORAGE	Up to 4 physical drives: 2x M.2 2280 PCIe or SATA SSD and 2x HDD/SSD (9.5mm) SATA3 6Gb/s and with Intel Rapid Start Technology; Intel Smart Response Technology and RAID 0/1/5/10
NETWORKING	WLAN / Bluetooth; M.2 2230 slot; 10/100/1000 Ethernet LAN on-board; Realtek RT8111G
OS	Microsoft Windows: 10, 8.1 and 7
AUDIO	High Definition Audio; S/PDIF Digital Output; Built in array microphone; Built in two 2W speakers; Sound Blaster X-FI MB3; External 7.1CH output (headphone, mic, line-in and S/PDIF); ANSP 3D Sound Technology (headphone output)
