

Fully Upgradeable. Powerful.

The Sky X4E2 packs more power than most full-size laptops into a 15.6 inch laptop form factor, openly defying the preconceptions of what's possible for a laptop this size. Armed with an unlocked Intel i7 7700K CPU and your choice of NVidia GTX 1060 or 1070 GPU, this understated beast will gladly carry you into battle! Eurocom's industrial thermal solution will handle the heat while your opponents sprint out of the kitchen! Further, you can watch the carnage unfold in your choice of full HD, 120 Hz, G-sync panel or an UltraHD 4K display for mobile gaming like never before!

SPEC HIGHLIGHTS

CHIPSET	Intel Z170 (Skylake)
PROCESSOR	Socketed desktop LGA1151 CPU, Skylake: up to i7-6700K, Kaby Lake: up to i7-7700K
MEMORY	Four 260-pin SODIMM sockets; DDR4-2133/2400/2666/3000; up to 64GB
GRAPHICS	Modular MXM 3.0, NVIDIA GeForce GTX 1070 and GTX 1060, supports GPU Overclocking
DISPLAY	15.6" eDP, FHD (1920x1080): 60Hz, FHD (1920x1080): 120Hz, 4K UHD (3840x2160): 60Hz, up to 4 active internal and/or external displays
STORAGE	Up to 12TB with 4 physical drives: 2x M.2 2280 SSD PCIe 2x/4x or SATA, 2x 2.5" 9.5mm/7mm HDD/SSD/SHDD , RAID 0/1
NETWORKING	1Gb Ethernet LAN on-board; Killer E2400, WLAN / Bluetooth; M.2 2230 slot, prewired for 3G/4G/LTE
OS	Microsoft Windows: 10, 8.1 and 7
AUDIO	S/PDIF Digital Output, Built in array microphone, Built in two 2W speakers (Foster), SBX Pro Studio / Sound Blaster Cinema 2, ESS Sabre HiFi Audio DAC ES9va018K2M (Headphone)
AC ADAPTER	230W 100-240V 50-60Hz Auto-switching, DC Output 19.5V, 11.8A, 330W AC Adapter optional
