# GPU Solutions for Developers

Choice of MXM3 GPUs
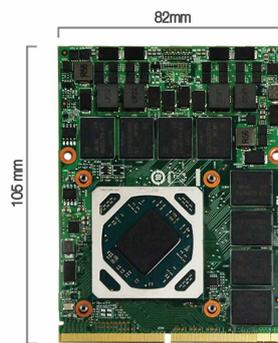

Eurocom offers the choice of MXM3 GPUs with different levels of performance.

RTX 2080/2070/2060
GTX 1080/1070/1060

GTX 1070/1060/970M/980

RX 480/580

| GPU:	Cores:	Wattage:
RTX 2060	1920	80W
RTX 2070	2304	115W
RTX 2080	2944	150W
GTX 1060	1280	100W
GTX 1070	2048	120W
GTX 1080	2560	150W
GTX 980M	1536	100W
GTX 970M	1280	75W
RX 480	2304	100W
RX 580	2304	150W

Choice of MXM3 Quadro GPUs

Eurocom offers the choice of MXM3 Quadro GPUs with different levels of performance.

K5100M/3100M

M5000M/M4000M/M3000M

P5000/P4000/P3000

GPU:	Cores:	Wattage:
K5100M	1536	100W
K3100M	768	75W
M5000M	1536	100W
M4000M	1280	75W
M3000M	1024	75W
P5000	2048	100W
P4000	1792	75W
P3000	1280	75W

MXM3 to PCIe Riser Cards

The MXM3 to PCIe Riser Cards allows MXM modules to be used in desktops, Small Form Factor PCs, Industrial PCs and Military computers.

AMD Riser Card

GPU Architecture:	MXM 3.0
Bus Interface:	PCI Express 3.0 (x16)
Display Interface:	4x DP, 1x DL-DVI, 1x CRT
External Connector:	6-pin power connector

NVIDIA Riser Card

GPU Architecture:	MXM 3.1
Bus Interface:	PCI Express 3.0 (x16)
Display Interface:	6x DP, 1x DL-DVI, 1x DSUB
External Connector:	8-pin power connector

AMD & NVIDIA Riser Card

GPU Architecture:	MXM 3.1
Bus Interface:	PCI Express 3.0 (x16)
Display Interface:	4x HDMI
External Connector:	8-pin power connector
